

如何解除亚马逊品牌授权 or 备案

一. 可以进入亚马逊后台

1. 登录的品牌注册账户
2. 点击“品牌注册支持”。

2. 选择“更新您的用户帐户角色”，选择“删除”选项。

Use this form if you would like add another Brand Registry user account to your brand or update roles for an existing user account for your brand. You must be either the first person who registered the brand or have been designated as an Administrator for the brand to submit this request.

Select one or more roles you would like to assign to each Brand Registry user account.

1. **Administrator:** an individual who has full permission to assign roles to user accounts.
2. **Rights Owner:** an individual who is the rights owner or an employee of the rights owner who is authorised to report violations.
3. **Registered Agent:** a third party who is authorised by the rights owner to report violations.

When you update roles for a user account, please include all the roles you would like the user account to have. All existing roles previously assigned to this user account for your brand will be removed.

Please note: Each individual must create a user account and accept terms at Brand Registry before the Administrator can assign roles for that user account.
